

President's Message

We have all just had a time of catching up with family and friends and being busy and very socially active because of Christmas and New Year celebrations unlike last year. But what about the rest of the year?

If you have not got your Vaccine Certificate yet and find it difficult to navigate the site, you can call the Australian Immunisation Register on 1800 653 809 and they will send you your certificate. For those who are yet to consider taking the vaccine, we suggest you get it to help you cope better with COVID-19 or its variants that are still doing its rounds. I have and so has the Board and many I know. Let's all get vaccinated.

Do you have a plan for this year to mix with friends, meet new people and be involved in a supportive group? It is really important as we get older that we have that support so please join one of our branches if you do not belong to one OR if you would like one closer to where you live and there isn't one, please call head office and Let's make 2022 your most active year socially.

We are looking at making great progress with our Salter Point Aged Care facility this year. Our 18 retirement villages continue to provide a great way to live so if you are looking at downsizing, give us a call and see if there is something that suits you. And if you haven't looked at securing your funeral, I assure you that our 87-year-old funeral fund with your choice of funeral director is very affordable and you can even pay it in installments. Give Head Office a call on 9362 0100.

I would like to thank you all for making 2021 a very proactive year for Retirees WA. Lois Jones
